

ASEAN PatentScope Services

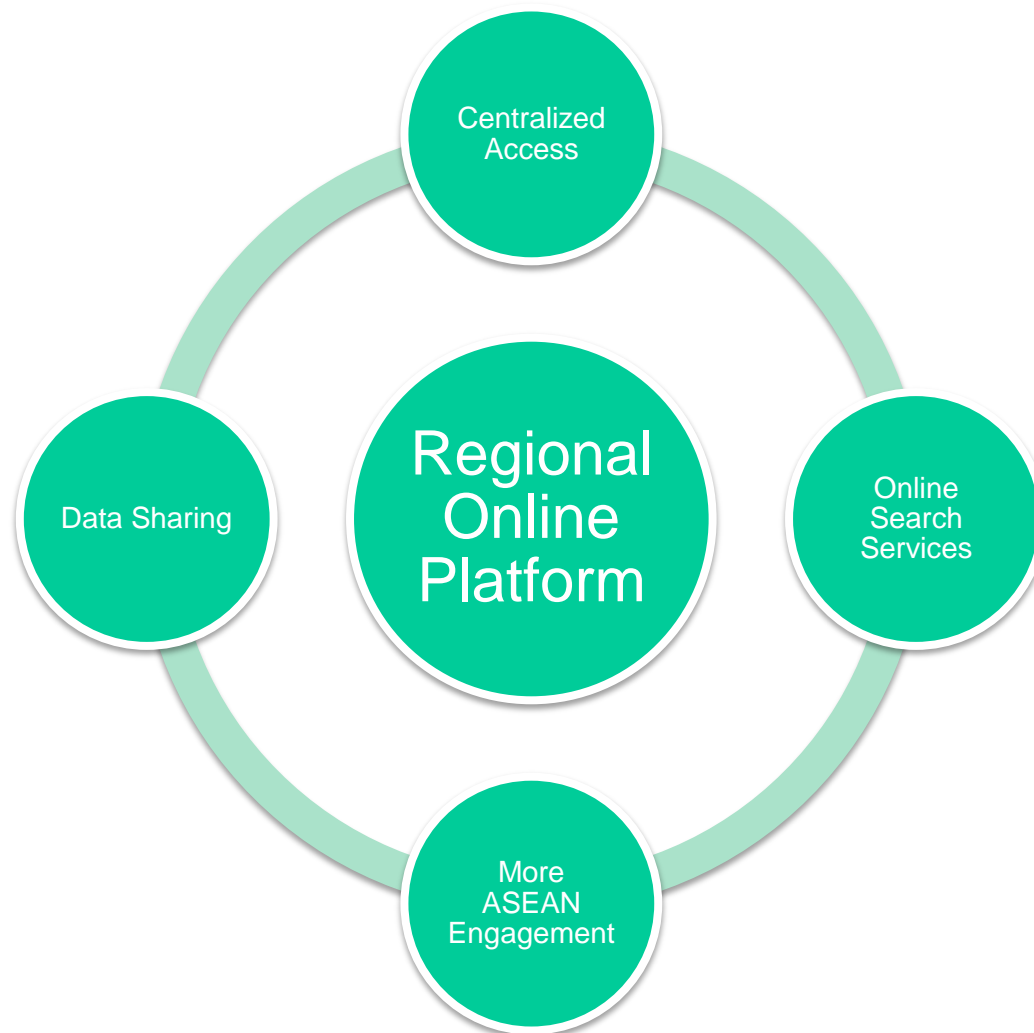

April 26, 2017

Dr. Juneho Jang
Senior Regional Manager
WIPO Industrial Property Business Solutions Division (IPOBSD)

Background

- Regional Initiatives to support national innovation and economic integration
- For the first time, regional patent database service owned by ASEAN
 - Database hosted by Indonesia
- ASEAN Contexts:
 - Enhance regional collaboration and cross-boundary R&D activities, technological development
 - Greatly facilitate the ASEAN Patent Worksharing linked with ASPEC program

ASEAN PatentScope

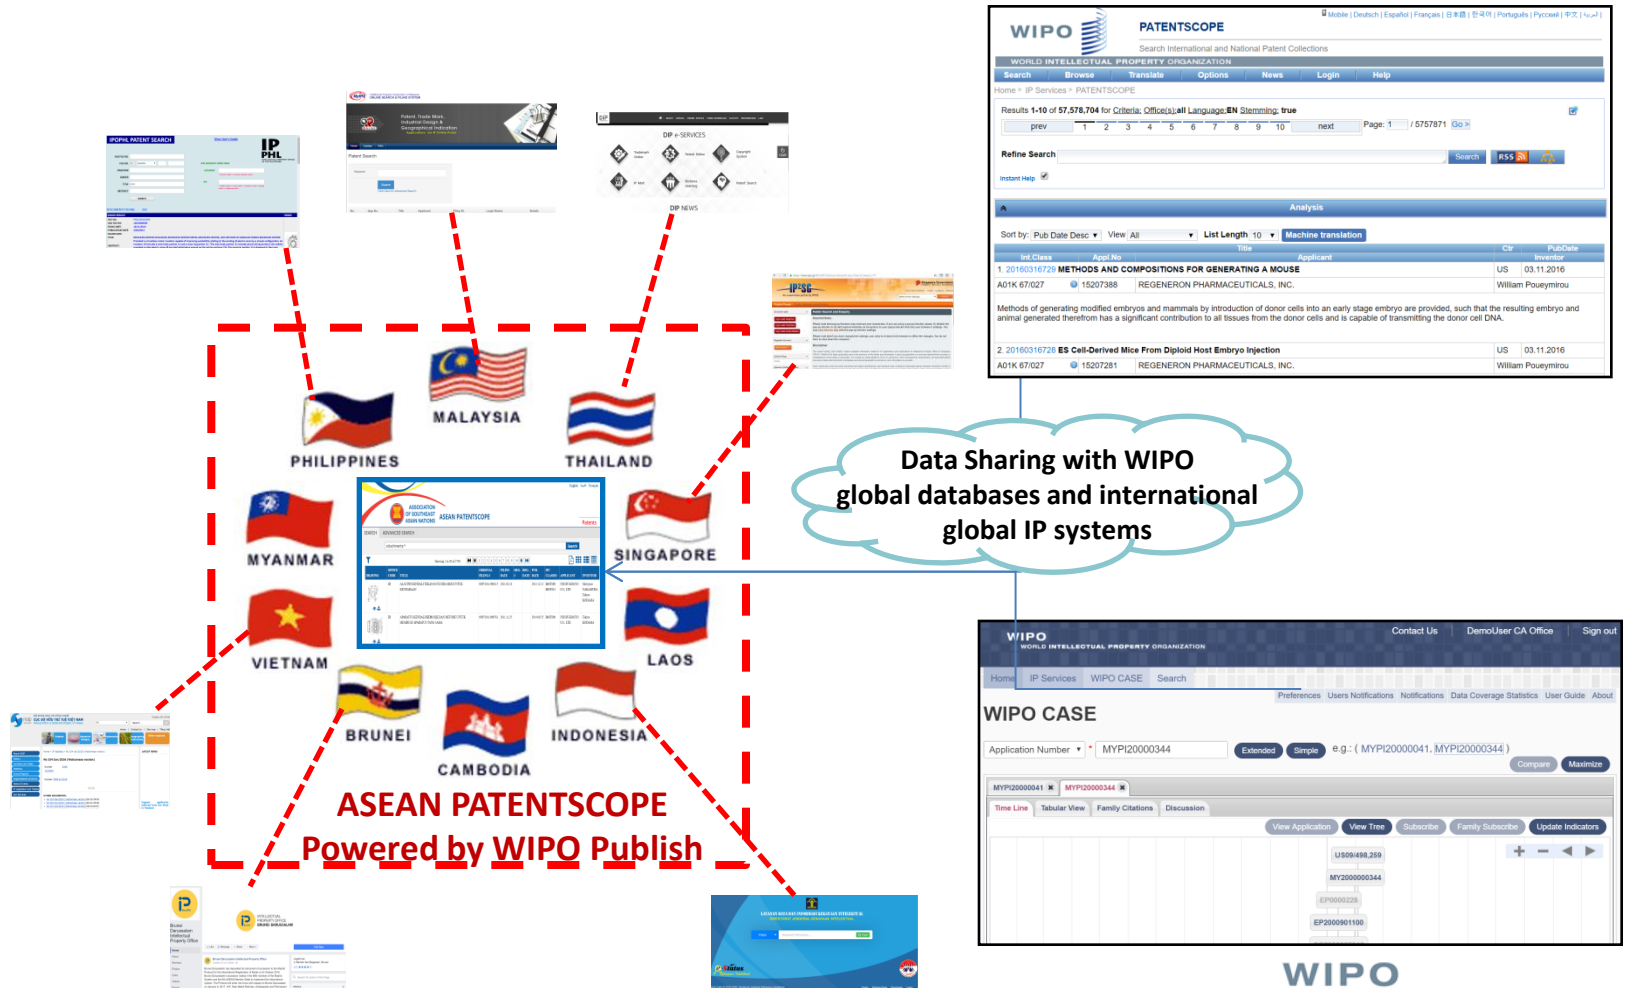

ASEAN PatentScope

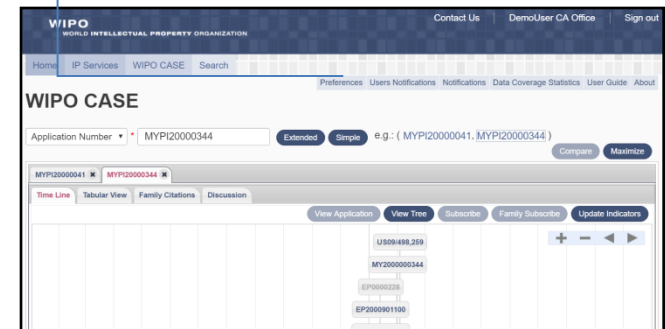

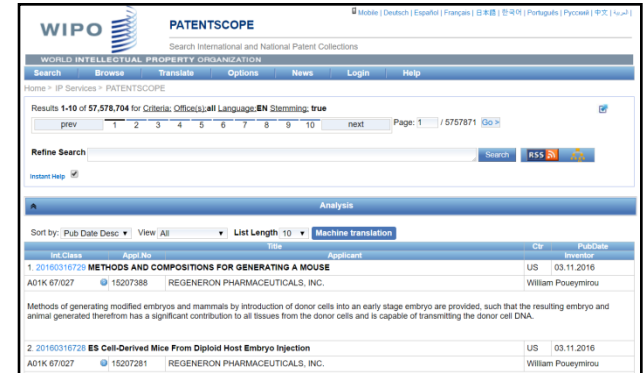

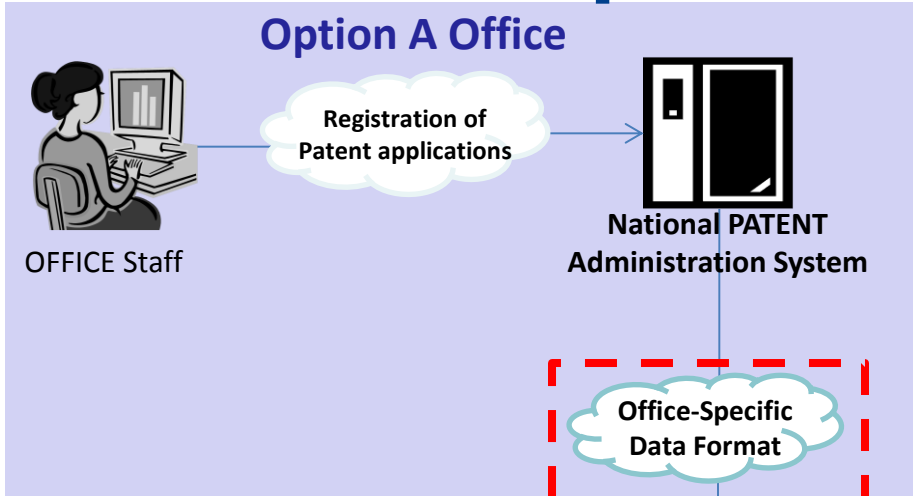

- **Regional Online Platform** for Dissemination of Patent Dossier Information
 - **Centralized access** to patent dossier information published by IP Offices of ASEAN Member States
 - **Data Sharing Platform** with international global IP systems, such as WIPO CASE for patent examiners, WIPO PATENTSCOPE and IP5 Global Dossier Systems for public users
 - **Online Search Services** powered by WIPO Software System (i.e. WIPO Publish)
 - **Enhanced ASEAN Engagement** with stakeholders, including the general public

ASEAN PATENTSCOPE

----- Link to national offices websites

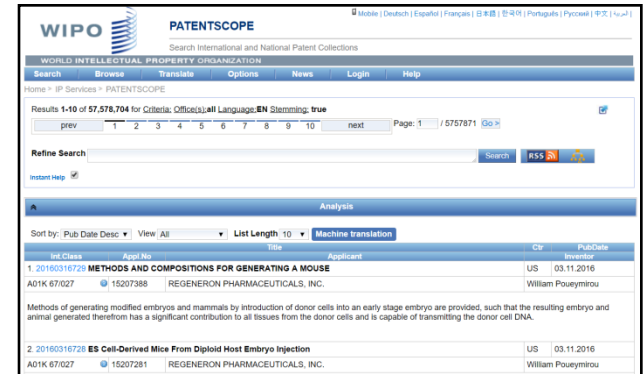

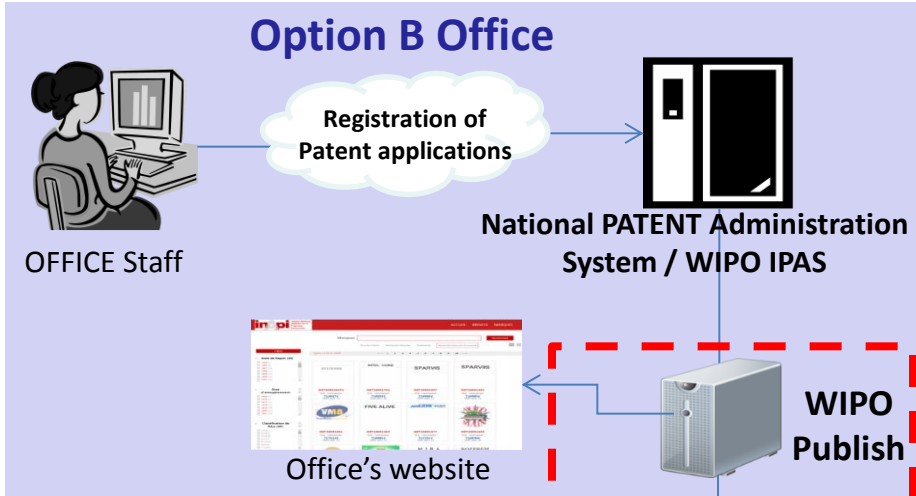

Data Source (Option A): Office-specific format or ST.36

The screenshot shows the ASEAN PATENTSCOPE search results for the query "attachments:*". The results are displayed in a table with columns for Drawing, Office Code, Title, Original Filing #, Filing Date, Reg. #, Reg. Date, Pub. Date, IPC Classes, Applicant, and Inventor.

DRAWING	OFFICE CODE	TITLE	ORIGINAL FILING #	FILING DATE	REG. #	REG. DATE	PUB. DATE	IPC CLASSES	APPLICANT	INVENTOR
	ID	ALAT PENGENDALI TEKANAN FLUIDA REM UNTUK KENDARAAN	00P/2011/000115	2011.02.18			2013.12.12	B60T800 B60T834	NISSIN KOGYO CO., LTD	Motoyasu NAKAMURA Takuro KODAMA
	ID	APARATUS KENDALI HIDROLIK DAN METODE UNTUK MEMBUAT APARATUS YANG SAMA	00P/2011/000761	2011.11.25			2014.09.25	B60T800	NISSIN KOGYO CO., LTD.	Takuro KODAMA

Data Source (Option B): WIPO Publish

Current Status 1/2

- Establishment of national data sharing platforms is underway for 7 Offices

Office	IP System	Data Source
BN	WIPO IPAS	WIPO Publish
ID	WIPO IPAS	WIPO Publish
MY	Office-Specific	WIPO Publish
PH	WIPO IPAS	WIPO Publish
TH	Office-Specific	WIPO Publish
KH	WIPO IPAS	WIPO Publish
SG	Office-Specific	WIPO Publish

- Review and improvement of data as appropriate

Current Status 2/2

- Preparation of other Offices national environments to be discussed individually when technically ready
- Patent database search powered by WIPO Publish:
 - Customizable search web portal with multilingual support
 - Bibliographic data search
 - View of published patent dossier information (data, file statuses, documents including drawings)
 - Link to WIPO PATENTSCOPE
 - Capture search results in a customizable report

2017 Development Roadmap

- April, 2017: launch of ASEAN PATENTSCOPE 1.0 with additional services
 - Gazette based search and view
 - Search patent data based on technology fields
 - Access to WIPO CASE patent family view
 - Translation of bibliographic data and test-based documents into local languages using google translation service
 - Website supporting more languages
- Q4 2017: additional services
 - Access to published patent documents
 - Full text search in documents when applicable
 - Suggested keywords search

Top Priorities for the Enhancement of Substantive Patent Examination at ASEAN

- Workload Analysis
- Data Cleaning
- Workflow Optimization
- Publication backlog
- How to deal with Examination Backlog?????

ASEAN PatentScope

- Service launch on April 26, 2017 during World IP Day Celebration, Jakarta, Indonesia
