Interview Guideline

Research Title: The Students' Perception on the Use of Drilling Method in English Learning

Time:

Date:

Place:

Interviewee:

1. Menurut kamu bagaimana penerapan metode pengulangan (drilling) dalam pembelajaran bahasa Inggris?
 - Apakah penerapan metode pengulangan (drilling) menurut kamu sudah bagus atau belum?
2. Menurut kamu apa saja manfaat ketika guru kamu mengajar bahasa Inggris dengan metode pengulangan (drilling)?
3. Menurut kamu apa saja kerugian dari metode pengulangan (drilling) ketika guru kamu mengajar bahasa Inggris?

Appendix 2. Coding

Axial and Selective Coding

Category	Theme/Finding	Translated Statement
Perception on the Implementation of Drilling Method	Students' perception about drilling method.	<p>(P1.1) The implementation of drilling method is already good because it is fun, understandable, and it is not boring. Although it is repeated continuously, it is not boring.</p> <p>(P2.2) The implementation of drilling method taught by the teacher is very good for me, because I feel happy when my teacher teaches me by using drilling method. It is because the drilling is already well structured.</p> <p>When the teacher teaches</p>

		<p>us, the teacher does not differ us even the others have low level. The teacher still guides the students. Usually they are asked to sit in the front of the row and sometimes they need to answer the teacher's question.</p> <p>(P3.2) The implementation of drilling method is so fun.</p> <p>(P4.1) The implementation of drilling method is already good because usually the teacher gave us a paper that consist of vocabulary and we learn the vocabulary that are given by the teacher.</p>
Advantages of Drilling Method	It helps students pronounce the words	(P1.2) The advantage of drilling method is that it

	<p>accurately and correctly.</p>	<p>makes us more accurate in pronouncing words.</p> <p>(P2.1) The advantages of drilling method is easy to understand and also drilling method make us became correct in pronouncing the words.</p> <p>(P3.3) After the drilling method is taught by the teacher. It makes us produce pronunciation correctly because previously we pronounce the words improperly.</p> <p>(P4.2) We can pronounce correctly. It is because sometimes in English the spelling is different but the pronunciation is almost the same.</p>
--	----------------------------------	--

	<p>It makes students easy to memorize the vocabulary and the meaning of the vocabulary.</p>	<p>(P1.3) Drilling method makes us easy to memorize the vocabulary because in drilling method we need to repeat the vocabulary continuously.</p> <p>(P1.4) Drilling method makes us easy to memorize the meaning of the vocabulary.</p> <p>(P3.6) If we are being taught about vocabulary, the meaning of it were also given, and we need to memorize the vocabulary together with the meaning, so that we can memorize the meaning of the vocabulary.</p>
	<p>It increases students' vocabulary size</p>	<p>(P1.5) Drilling method increases the vocabulary</p>

		<p>because the teacher always adds vocabulary continuously.</p> <p>(P2.5) Drilling method can increase our vocabulary size.</p> <p>(P3.1) Before I am being taught by the teacher, I do not know a lot of vocabulary, and then after being taught by the teacher the vocabulary increased.</p> <p>(P4.3) Drilling increase my vocabulary because the teacher give a lot of vocabulary for approximately 800 words.</p>
	It improves students' speaking fluency	(P1.6) Drilling method makes me fluent in speaking. It makes me not

		<p>to produce long pause while speaking.</p> <p>(P2.4) Drilling method is beneficial to make us more fluent to speak in English and easy to be understood when the teacher repeats the vocabulary.</p> <p>(P2.6) Drilling method makes me often speak in daily life, so it makes me more fluent in speaking.</p> <p>(P3.7) Drilling method makes me fluent in speaking.</p>
	<p>It helps students to recall/remember the vocabulary.</p>	<p>(P1.7) Drilling method makes me quicker to remember the vocabulary.</p>

		<p>(P3.8) Drilling method makes me remember the vocabulary for a long time.</p> <p>(P4.4) Drilling method makes me easier to remember the vocabulary for a long time.</p>
	<p>It helps students more confident in speaking</p>	<p>(P1.8) In speaking, drilling method makes me more confident to speak with other people by using English language.</p> <p>(P3.4) After being taught by drilling method, it makes me know how to pronounce the words and makes me more confident to speak with others.</p>
<p>Disadvantages of Drilling Method</p>	<p>Continuous drilling method makes students exhausted</p>	<p>(P1.9) Drilling method is exhausting because we</p>

		need to repeat continuously.
	Monotonous of drilling method makes students boring	(P1.10) Drilling method is boring for me. However, from that we can learn. (P4.6) Drilling method is boring because it is monotonous method which requires students to learn vocabulary repeatedly.
	Insufficient practice of drilling method makes students forgot on how to pronounce the vocabulary correctly	(P4.5) Sometimes I forgot to pronounce words because I rarely practice how to pronounce the vocabulary.
	Too much drilling makes students lazy to practice the vocabulary outside the classroom	(P3.5) Drilling method makes students lazy to repeat and practice the vocabulary outside the classroom. It causes the students cannot pronounce

		vocabulary correctly in classroom.
