ABSTRACT

This research aims to find out about how business ethics are implemented in UMAT (the integrated multi-business of Muhammadiyah University of Yogyakarta) and find out if it has obeyed the business ethics based on the decision of the 26th *Munas Tarjih Muhammadiyah* (the highest forum for the establishment of a law of worship in *Muhammadiyah* organization) on business ethics considering that UMAT is part of Muhammadiyah's business units.

This is a qualitative research with descriptive approach, using primary and secondary data sources. The primary data were directly collected through observation and interview. While the secondary data were obtained from relevant documents which were used as supporting informations of this research.

The research result concludes that the implementation of business ethics by UMAT has been running well despite the fact that there are still some complaints from customers regarding the service. Meanwhile, it can also be concluded that UMAT has not fully obeyed the decision of the 26th *Munas Tarjih Muhammadiyah* on business ethics, proven by the fact that *riba* (unjustified interest) and *dlarar* (harmful aspects) are still found.
