EXTENDED GRATITUDE

This undergraduate thesis was only possible with the incredible support from those who are meaningful for me since the start, the process, and the completion of pursuing my undergraduate degree. Nothing, but how thankful I am for having them. Words might be not enough for extending my sincere gratitude, but only through this page I dedicated this undergraduate thesis to those whom I want to wholeheartedly and personally thank:

1. My beloved strong and independent Ummi, Yanupita Zuraidah. For me, she is not only the most beautiful woman in my life, but everything. The whole pages of this undergraduate thesis are absolutely not enough for describing her support and love –material, moral, and prayers she has been giving for me. My utmost effort will never be equal to return every single thing – tangible and intangible she gives to me. It is only her happiness what is matter for me. The smiles and laughs, tears and tireless hard work, her voice and warmth are what make me persistent to complete this undergraduate thesis within two months. She is my reason for not only existing, but living my life. I love her because Allah, and it will never end.
2. My big family –my father (Suardi), my two younger brothers (Muhammad Rizki Algotari and Muhammad Fauzan Abdulloh), my grandmother (Asia Karim), my uncles and aunts whom I cannot mention name by name. Their presence and actual supports are really meaningful for me in pursuing my undergraduate degree.
3. Special thanks to Dr. Nur Azizah, M.Si, for her guidance and patience in advising and supervising me during the whole process in completing this undergraduate thesis. Her support and cooperativeness are the reason for the possible two-month writing of

this undergraduate thesis. Her transferred knowledge will be beneficial for my future endeavor and may it applies the same for everyone else who taught by her. The very short teaching assistant experience she gave to me has opened up my mind and given me undoubted decision to focus in attaining my passion in teaching and to be the notable future academician.

4. Equally special thanks to Takdir Ali Mukti, S.Sos, M.Si and Sugito, S.IP., M.Si as the board of examiners for my undergraduate thesis proposal. It is also to Dr. Surwandono, M.Si and Drs. Husni Amriyanto Putra, M.Si as the board of examiners in my undergraduate thesis defense examination for the substantial inputs in comprehending this undergraduate thesis.
5. My seniors, Ndaru Rizqa Amalia, Tri Azmi Khairunnisa, and Widya Puspitasari for the fruitful and insightful discussion in regard to this undergraduate thesis.
6. My inner circle, those whom I almost spent all my time with and who gave me the moral support; namely Erlanti Fadilla R., Nur Indah Setia Rini, Hafidz Ridha Try Sjahputra, Rahma Fitri, Shabrina Ria Septiana Rose, and Faishal Ihsan. Their presence has amazingly encouraged me in undertaking this undergraduate thesis.
7. My IPIREL friends who gave me more colors during college life; namely Salma Salsabila, Miranda Cempaka Ganda Putri, Michelle Ayu Meilina Rizqa, Balqis Maulidya Afivah, Maryana Isabella, Sheilyda Yati Harahap, Amalia Nurul Hutami, Hanisa Yusri, Rosella Adhisa, Salma Fauziyatul Hasna, Muhammad Pambudi Prakoso, Taufik Kurrahman, Muhammad Maulana Ibrahahim, and others.
