

CHAPTER III

RESEARCH METHOD

A. Type of Research

This research used normative legal research. Normative legal research is the legal research as a building of norms system, such as about the principles, norms, rule of law, court decision, treaties and doctrines.⁵¹ This research means to find out the legal consequences of Constitutional Court Decision No. 88/ PUU-XIV/ 2016 toward the succession of the Governor of Yogyakarta Special Region.

B. Type of Data

The data used in this research is secondary data. The secondary data consist of primary legal material, secondary legal material, and tertiary legal material.⁵²

1. Primary legal material consist of legislation as follows :
 - a. The 1945 Constitution;
 - b. Law No. 13 of 2012 on the Privileges of DIY
 - c. Constitutional Court Decision No. 88/ PUU-XIV/ 2016;
 - d. Other legislations related to the research.
2. Secondary legal material consist of several documents related to the primary legal material as follows:

⁵¹ Mukti Fajar, Yulianto Achmad, 2015, *Dualisme Penelitian Hukum Normatif & Empiris*, Yogyakarta, Pustaka Pelajar, p. 34.

⁵² *Ibid* ., p. 157-158.

- a. Books;
 - b. Scientific journal;
 - c. Trusted sites internet;
 - d. Other legal document related issue; and,
 - e. Other non-legal document method to this research.
3. Tertiary legal material, consist of:
- a. Dictionary;
 - b. Encyclopedia.

C. Method of Collecting Data

The method of data collection in this research is through library research by literature learning. This method is done by studying the literature on legal materials, primary legal materials, secondary legal materials, and tertiary legal materials. These legal materials can be obtained from reading, looking, listening, or through internet media. In this method, the data is collected by selecting legal material relevant to the topic of the succession of the Governor of Yogyakarta Special Region.

D. Data Analysis

The method of data analysis in this research used descriptive qualitative analysis that did not require the population and sample. Qualitative research is a study that refers to the legal norms contained in legislation, court decision, as well as the norms in the society.
