

ABSTRACT

DYNAMICS OF SIDO MAKMUR WOMEN FARMER GROUP IN PAPAYA PROCESSED BUSINESS IN PANJANGREJO VILLAGE, PUNDONG DISTRICT, BANTUL REGENCY.2019. Thesis Guidance (Dr. Ir. Indardi, M.Sc., and Sutrisno, S.P., M.P.). *This study aims to describe the dynamics of Sido Makmur Women's Farmers Group in Panjangrejo Village, Pundong District, Bantul Regency. The basic method used in this research is a descriptive method. Determination of location is done intentionally (purposive). Respondents were determined by determining key informants, namely active members of the prosperous female group of Sido. The results showed that the establishment of the Sido Makmur Women's Farmer Group was initiated by Mrs. Arifil Laili and Ms. Nina Trisnawati aimed at carrying out activities that produced benefits for the residents. The effort that is carried out by the group moves dynamically in achieving its goals is indicated by group goals, group structure, task functions, group maintenance and development, group atmosphere and well functioning leadership. Factors affecting group dynamics are a group experience, non-formal education, tools and capital assistance, counseling, and assistance. Capital assistance and tools, counseling and assistance are the dominant factors affecting group dynamics.*
