How lucky I am to have them in my life!

Special thanks to my best friends CCU 2015, my second family Ting gengs Marlinda, Mirta, and Vina and my new family kkn 253 Cibuyur. Thank you for being my friends and for the unforgettable memories that we have shared during these collage days. You all are the best ever friends that I have ever met. Big thanks to my princess, Raka, thank you for being my friend, at any moment.
Gracias!

Last, I would like to express my gratitude to all of the lecturers and staff of English Education Department UMY for giving me plenty of knowledge. For those who can be named one by one, thank you for the support. Then, big thanks for all my participants, who helped me, complete this undergraduate skripsi. Without your help, I would not make this skripsi happen.

Abstract

Motivation plays an important role in improving students interest in reading English text. Having the motivation to read, students in the English Language Education Department (ELED) find it easier to read academic English text. This study aims to investigate factors and strategies the motivation of students in reading academic English text. In addition, the study is conducted to find out what motivated ELED students' to read academic English texts.

Descriptive qualitative design was applied in this study where data was collected from four participants. The participants students of English Language Education batch 2016 at an Islamic private university in Yogyakarta. Based on the interview, the findings showed that there were four students motivation to reading academic revealed by the participants. The motivation of participants is intrinsic and ekstrinsic motivation. As in extrinsic motivation, there were also six motivational factors found in the interview. This motivational factor include the wanted to gain knowledge, desire to obtain good grades, demand from lecturers to read, appropriate level book, social sharing, and academic reading demand to do theses. In addition, data collected from interviews also revealed that all participants acknowledged that they had several strategies used by students to increase their motivation to read academic English text. These include reading frequently, discussing materials with friends, building self-confidence and sharing with lecturers.

Keyword : Motivation, academic reading, strategies in improving motivation.
