PREFACE

The basic of this research is originally aimed at identifying the influence of the prostitution closure to the surrounding area and how it influenced society. It has direct and indirect impact to the society life from economic, social also environment aspect. Not only concerning about the width of HIV/AIDS but also from the closure of prostitution area there is no economical wheel that can support the soety anywhere. It is reseacher objective to find out how government decision have an impact not only on the target group of policy but also on the wider environment. All praise belongs to Allah SWT so this research has been able to be finished and sholawat and greetings go to Prophet Muhammad SAW. I could not have achieved my current level without support from a lot of people. First of all, my parents and sisters, who have supported me with their love, secondly, my supervisors who always gave advice and guidance and lastly all of my friends thank you for your unwavering support.
